Experience

Space Interiör Sverige AB/Part time

May 2018 - May 2021, Kalix

Mamut Möbler och Inredningar/Part time

Nov 2021 - Mar 2022, Staffanstorp

24HR/Intern and Part time

Aug 2022 - Oct 2022, Malmö

Started here first as an intern for 8 weeks during my education at Teknikhögskolan. After that, I had a summer job there, and after the summer, they offered me a part-time job. I have mostly worked with Elementor and WordPress. I have also worked a little with Next.js.

Combain Mobile AB/Intern and Part time

Feb 2023 - Dec 2023, Lund

I had my second internship at this company during my education at Teknikhögskolan. I got to work on a completely new project that would run performance tests against a server's API using the JMeter tool and then display the results in a 3D environment created in Unity. I worked on the frontend and partly the backend of this project. I had a summer job here as well, which ended at the end of August. After that I worked part time.

Education

Electrical Engineer/Vocational diploma

Aug 2016 - Jun 2021, Kalix

I studied to become an electrician. After the education, I took some courses to get the grades needed to get my diploma and start an education to become a developer. I received my "Vocational Diploma" at Komvux.

Full stack Developer/Higher Vocational diploma

Aug 2021 - July 2023, Lund

Education to become a full-stack developer, with a focus on JavaScript.

Game Programmer/Higher Vocational diploma

Aug 2023 - Present, Malmö

Education to become a Game programmer.
